

INVESTING IN THE PROMISE OF YOUNG PEOPLE BY DEMONSTRATING THE IMPACT OF CREATIVE YOUTH DEVELOPMENT THROUGH THE ARTS

ABOUT THE ALLIANCE

The Alliance for Creative Youth Development is a Colorado community of youth arts organizations sharing evaluation methods and best practices.

We formed the Alliance to share research and program design resources, and to sustain and advocate for the impact we have on youth in our communities. Supported by the evaluation tool used, we provide a common place to share the youth point of view on why out-of-school arts programming matters.

CURRENT & PROSPECTIVE MEMBERS

With participation in the Alliance, you join a highly collaborative partnership that is revealed in the impact of our work and the passion with which we support our successes.

Though each participating organization of the Alliance for Creative Youth Development may have differing approaches to reaching our youth, the end results are still the same—we are engaging youth in quality, results-oriented, creative programming. Please contact the Alliance today for details about becoming a member.
